

Ronald Tree Nursery School

Parental Questionnaire Feedback Report 2014-15 Academic Year

The questionnaire was issued to 105 families. 32 questionnaires (30%) were returned (mostly from families where English was not an additional language).

The questionnaire asked parents to consider 10 statements relating to their perceptions of their own and their child's experiences of Ronald Tree Nursery School and rate them on a five point range from Strongly Agree to Strongly Disagree. These statements were taken from the Ofsted questionnaire to parents. The questionnaire also asked if parents would recommend the school to other parents and asked for any further comments and suggestions.

Statement Feedback Analysis

100% of respondents agreed or strongly agreed with 7 of the 10 statements.

5 parents neither agreed nor disagreed that the school dealt effectively with bullying but did not comment. The school had no recorded incidents of bullying amongst the children in the 2014-2015 academic year and consequently we believe these parents could not make a positive or negative assessment as there was no experience of our management of bullying.

One parent disagreed that the school responded well to concerns; the comment related to the child's behaviour at home and the school's failure to reimburse the parent for clothing lost at school.

1 parent neither agreed nor disagreed that they liked using Tapestry; all other feedback from parents and receiving schools has been very positive.

Recommendation of Ronald Tree Nursery School
